Hiring Committee
Community & Library Services
City of Irvine
One Civic Center Plaza, Irvine, CA 92606

Dear Hiring Committee,

I am applying for the Library Page position with Community and Library Services. This is materials-handling work, and it happens to be what I already do.

In my current role I oversee a physical archive of printed materials. That means unpacking and checking in what arrives, sorting and routing it, processing items so they are ready to use, shelving them correctly, repairing or discarding what is damaged, and keeping the whole collection orderly enough that anyone can retrieve from it. When the collection became too large to navigate by memory, I built a searchable catalog so staff could find things themselves. I also prepare outgoing deliveries and coordinate with vendors on specifications and schedules.

The accuracy your posting emphasises is something I can evidence. As a student registrar at Chapman University’s Fowler School of Law I processed over five hundred exam records, transcripts and bar documents, where a misfiled record had real consequences. I also staffed the public service window, so assisting patrons in locating materials and service areas is familiar.

Two practical notes, both of which your posting lists as requirements. I hold a valid California driver’s license with a clean record, so the delivery runs between facilities are no obstacle. I am also comfortable with the physical side of the work, including lifting and moving up to fifty pounds. I have family in Southern California who can host me during an interim move, so relocating is straightforward rather than aspirational.

I have begun the ALA’s Library Support Staff Certification and start a Library and Information Services certificate in the spring, with a master’s to follow. Thank you for your consideration.

Sincerely,

Neal T. Gillespie
