City of Irving, Library Assistant (Part-Time), Supplemental Answers (as submitted 19 Oct 2026)

Library Experience. Please list and briefly describe your prior library experience; or, enter N/A if not applicable.

I have not held a paid position inside a public library, so I want to be precise about what I have done instead, because a good deal of it is this work in another setting.

In my current role I oversee a physical archive of printed materials for Young Americans for Liberty. That means taking in what arrives, sorting and routing it, processing items, shelving them where they belong, and keeping several years of accumulated material orderly enough that anyone can retrieve from it. When the collection outgrew what anyone could hold in their head, I built a searchable catalog and the database behind it so staff could find things themselves rather than asking me.

Before that, as a student registrar at Chapman University's Fowler School of Law, I staffed the service window. I was the first person students spoke to, which meant answering questions, registering and verifying records, explaining procedures, and referring people on when the answer was not mine to give. I processed and approved over five hundred transcripts, exam records and bar documents in PeopleSoft, where a misfiled record had real consequences for someone.

At the University of Austin I handled intake and documentation of library donations, including a complete *Harvard Classics* set, and I was the on-site contact for visitor tours of the campus library.

Part-Time Hours. Do you understand and accept that this is a part-time position that can only work a maximum of 1,000 hours per year?

Yes.

Evening and Weekend Schedule. Are you available and willing to work as needed, including day, evening and weekend hours, as the position requires?

Yes.

A further question asked for available hours for each day of the week, Sunday through Saturday, for information only.
