City of Irvine — Library Page — Application Notes

This posting has no supplemental questionnaire.

Irvine states that candidates "deemed most qualified as reflected in their application" will be invited to interview. The application form itself is the screen, so the detail has to go into the work-history fields rather than into an attachment. Do not leave those fields thin on the assumption the resume will be read.

Note also that Irvine applies through Workday rather than the usual NEOGOV flow.

What to put in the work history fields

Young Americans for Liberty, Direct Mail Production Manager. Oversee a physical archive of printed materials: unpacking and checking in arrivals, sorting and routing, processing items for use, shelving, repairing or discarding damaged items, and preparing outgoing deliveries. Built the searchable catalog behind the collection. Coordinate with vendors on specifications and schedules.

University of Austin, Development Manager. Intake, documentation and processing of library donations including a complete Harvard Classics set. On-site point of contact for visitor tours of the campus library, assisting guests in locating materials and service areas. Event setup and on-site logistics.

Fowler School of Law, Student Registrar. Staffed the public service window. Processed and approved 500+ exam records, transcripts and bar documents in PeopleSoft. Set up and proctored examinations, including individually proctored sittings for students with accommodations.

Requirements to confirm on the form

Valid California driver's licence with a clean record: yes. The role drives a City vehicle between facilities, so this matters.

Able to lift, push, pull and carry up to 50 pounds, and to lean, stoop, twist and bend: yes.

First Aid and CPR certification is required within three months of hire, not at application.

Background investigation, medical examination including drug and alcohol screening, and proof of a negative TB test are all conditions of appointment.
