EXPERIENCE

Young Americans for Liberty – Austin, TX **April 2026 – Present**
Direct Mail Production Manager

- Oversee a physical archive of printed fundraising materials, including direct mail letters, donor proposals and newsletters, handling intake, sorting, shelving and retrieval across several campaign years.
- Designed the SQL database behind that archive and built a searchable reading room on top of it, so staff can locate and pull past materials themselves.
- Process and route incoming print materials daily, keeping a high volume of items organized and findable.
- Act as the main contact for print vendors, reviewing proofs and specifications and keeping several jobs moving at once.

University of Austin (UATX) – Austin, TX **October 2025 – April 2026**
Development Manager

- Managed intake, documentation and processing of library donations, including a complete *Harvard Classics* set.
- Served as the on-site point of contact for visitor tours of the campus library, assisting guests and answering questions about the collections.
- Recorded and reconciled all contributions in HubSpot with the finance team.

Young Americans for Liberty – Austin, TX **November 2022 – October 2025**
Donor Services Director | Development Coordinator

- Assisted 150–320 constituents, answering account inquiries by phone and email and maintaining accurate records in HubSpot and Salesforce.
- Oversaw inbox management, scheduling and research requests, working to consistent turnaround expectations.
- Coordinated event check-ins and on-site operations for events serving up to 1,000 attendees.

Fowler School of Law – Orange, CA **September 2021 – April 2022**
Student Registrar

- Staffed the registrar service window as the front-line contact, assisting students in person, registering and verifying records, explaining procedures and making referrals.
- Processed and approved 500+ exam records, transcripts and BAR documentation in PeopleSoft, completing detailed routines at a high rate of accuracy.
- Proctored midterm and final examinations, including individually proctored sittings for students with accommodations, and maintained organized records in compliance with institutional procedures.

PROJECTS IN INFORMATION ORGANIZATION

Free Knowledge Library (Founder, freeknowledgelibrary.net). A cross-ideological archive cataloging political literature. Designed the classification scheme and built the SQL database and catalog.

StateTrack (Creator, statetrack.net). A searchable public database of state campaign finance records and legislative activity, covering all 50 states.
