EXPERIENCE

Young Americans for Liberty – Austin, TX **April 2026 – Present**
Direct Mail Production Manager

- Oversee a physical archive of printed fundraising materials, including direct mail letters, donor proposals and newsletters, handling intake, organization, shelving and retrieval.
- Designed the SQL database behind that archive and built the searchable catalog over it, including the record structure that makes materials findable.
- Keep statistics and reporting on collection use and production throughput.
- Act as the main contact for print vendors, keeping several concurrent jobs on schedule.

University of Austin (UATX) – Austin, TX **October 2025 – April 2026**
Development Manager

- Managed intake and documentation of library donations, including a complete *Harvard Classics* set.
- Served as the on-site point of contact for visitor tours of the campus library, guiding guests and answering questions about the collections.
- Recorded and reconciled all contributions in HubSpot with the finance team.

Young Americans for Liberty – Austin, TX **November 2022 – October 2025**
Donor Services Director | Development Coordinator

- Managed and tracked 150–320 constituent records across HubSpot and Salesforce, keeping entries accurate and consistently coded so they stayed searchable and reportable.
- Answered inbound inquiries and oversaw inbox management, meeting scheduling and research requests for senior staff.
- Coordinated event check-ins and administrative operations for conferences serving up to 1,000 attendees.

Fowler School of Law – Orange, CA **September 2021 – April 2022**
Student Registrar

- Staffed the registrar service window as the front-line contact, answering questions in person and by phone, explaining procedures and making referrals.
- Opened and closed the service window, reconciling transaction records and maintaining equipment and supplies.
- Processed 500+ exam records, transcripts and BAR documentation in PeopleSoft and proctored examinations, including sittings for students with accommodations.

PROJECTS IN INFORMATION ORGANIZATION

Free Knowledge Library (Founder, freeknowledgelibrary.net). A digital library of political literature drawn from across the ideological spectrum. Designed the website, the SQL database and the classification scheme, and built the catalog that readers search.

StateTrack (Creator, statetrack.net). A public website publishing searchable state campaign finance records and legislative activity for all 50 states.
